SOMANY

Introduction

Born from the Earth's ancient embrace, COVER9ine collection captures the majesty of natural marble and stands as a testament to versatility and innovation. Featuring an impressive range in expansive 1200x1800mm and 1200x2400mm sizes, this collection delivers a seamless, uninterrupted aesthetic that transforms any space. Full Polished radiates with a lustrous sheen reminiscent of a starlit sky, while Quill presents a non-reflective, velvety softness that mirrors the gentleness of a breeze. High Gloss amplifies vibrancy with its smooth, highly reflective finish, and Plume sweeps with sophisticated organic movement, creating serene visual flow. Engravo adds depth through intricate detailing where tactile sensation takes centre stage, while Gritstone embodies raw natural strength—weathered stone shaped by time itself.

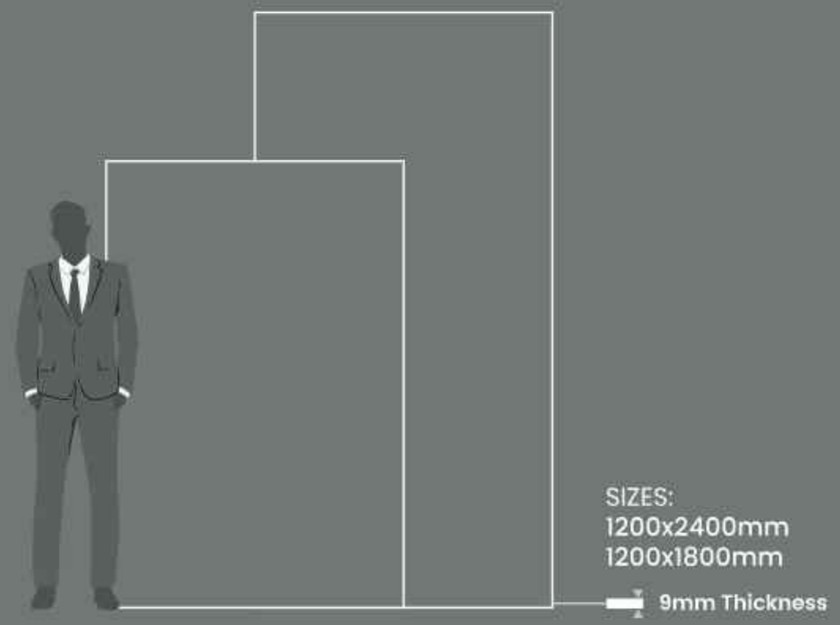
Large-format slabs, defined by bold designs and expressive style.



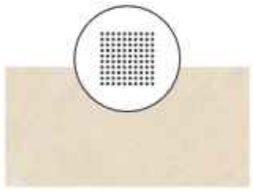
TECHNICAL FEATURES

HIGH GLOSS SURFACE

Our strong high-gloss finish that elevates any space. The reflective surface amplifies light, creating a brighter and more luxurious ambience with Gloss Unit(GU): 95-100.

SUPERIOR MATT SURFACE

Our matt finish surfaces feature a subtle, refined (low-reflection) finish that softens light and minimises glare. This makes them ideal for a variety of settings.



ABRASION RESISTANT FOR MODERATE TO HIGH TRAFFIC AREAS

Our tiles are designed to withstand the test of time, even in high-traffic areas. Their superior abrasion resistance of PEI (Polished - III, Matt - IV) ensures durability and maintains their pristine appearance for years.

EASY TO CLEAN

They are easy to clean and maintain, thanks to their non-porouss surface that resists dirt and stains.

APPLICATION AREAS

Residential Areas · Commercial Areas · Hospitals · Shops and Malls · Hotels and Restaurants · Schools and Colleges · Outdoor Furniture · Public Places

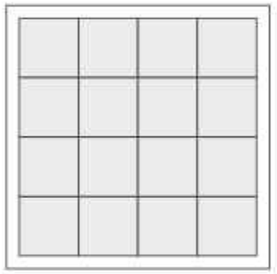
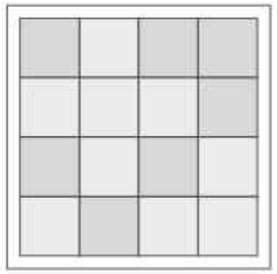
DESIGN, PATTERN & SHADE VARIATION GUIDE

Current development efforts have made ceramic tiles resemble and look authentically like natural materials (Stone, Wood, Fabric).

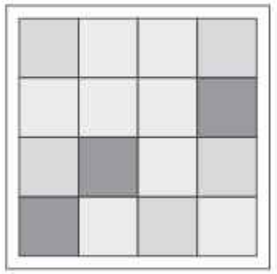
Recognising this situation, it is necessary to be informed of the grade of design & pattern variation that is expected from these products. As a general guide, the design & pattern guide given below classifies the range according to the degree of variation.



V1 Minimal Variation



V2 Slight Variation



V3 Moderate Variation

V4 Substantial Variation

The classification is as follows:

V1 Minimal Variation V2 Slight Variation

V3 Moderate Variation V4 Substantial Variation

The tiles in this catalogue are reproduced using four-colour printing, and the tiles may not be displayed in accurate sizes. Therefore, we strongly recommend customers check the physical samples before placing an order. The "Technical Specification" applies exclusively to premium-quality Somany wall and floor tiles. Please inspect the tiles thoroughly before installation, as we don't accept any complaints once the tiles have been applied or fixed. Additionally, complaints regarding borders, highlighters, or motifs will not be entertained after purchase.
