YOUR **AESTHETICS** VISION

Somany Ceramics unites precision engineering with state-of-the-art technology, creating tiles that surpass international benchmarks. The Duragres collection represents this commitment, where strength, durability, and design versatility converge to bring enduring luxury to contemporary interiors.

Born from rigorous research and relentless innovation, the collection presents an expansive portfolio across six distinctive finishes: the refined sheen of Lapato, the luminous depths of Lucido, the raw elegance of Stone, the organic warmth of Wood, the opulent grandeur of Marble, and the textured authenticity of Rustic. With a rich spectrum of colours, patterns, and sizes, from expansive 800×1600mm formats to elongated 196×1200mm planks, it empowers architects, designers, and discerning homeowners to transform vision into reality.

Engineered to endure the rigours of daily life, from high-traffic commercial spaces to dynamic residential environments, these tiles deliver scratch resistance and exceptional longevity. With extremely low water absorption, they excel in moisture-prone areas while maintaining structural integrity. Beyond aesthetics lies enduring value, reflecting a commitment to spaces that remain beautiful and resilient.
