DURASTONE

Engineered for Endurance, Designed for Distinction

Durastone by Somany was born with a vision: to harness the elemental beauty of natural stone and bring nature's perpetual allure to outdoor spaces. Somany's exquisite finishes present a sophisticated spectrum of colours and textures that elevate your design vision. Rendered through layered earthy shades and delicately nuanced patterns, these tiles complement any aesthetic, whether timeless elegance, contemporary minimalism, or rustic charm.

Engineered to withstand high-traffic zones and harsh weather conditions, it offers exceptional durability and remarkable chromatic stability that remains unfazed by UV exposure, making it ideal for outdoor settings where both visual harmony and enduring performance are paramount.

Paving the Way for Modern Outdoor Living

Transform your outdoor spaces with Somany's versatile collection of high-performance tiles. Purpose-built for demanding environments, from healthcare and pharmaceutical facilities to industrial and automobile zones, yet versatile enough for elegant patios, serene pool decks, and garden pathways, our range adapts seamlessly to your vision.

The tiles in this catalogue are reproduced using four-colour printing, and the tiles may not be displayed in accurate sizes. Therefore, we strongly recommend customers to check the physical samples before placing an order. The "Technical Specification" applies exclusively to premium-quality Somany wall and floor tiles. Please inspect the tiles thoroughly before installation, as we don't accept any complaints once the tiles have been applied or fixed. Additionally, complaints regarding borders, highlighters, or motifs will not be entertained after purchase.

DESIGN, PATTERN & SHADE VARIATION GUIDE

Current development efforts have made ceramic tiles resemble and look authentically like natural materials (Stone, Wood, Fabric).

Recognising this situation, it is necessary to be informed of the grade of design & pattern variation that is expected from these products. As a general guide, the design & pattern guide given below classifies the range according to the degree of variation.

V1 Minimal Variation **V2** Slight Variation **V3** Moderate Variation **V4** Substantial Variation

The classification is as follows:

V1 Minimal Variation V2 Slight Variation V3 Moderate Variation V4 Substantial Variation
