Redefining Spaces The Marvela Way

The Marvela FLORTUFF collection is a reflection of dreams built, lives lived, and memories made—quietly powerful, perpetually graceful. Crafted in a refined 600×1200mm size, it reflects a design philosophy attuned to the rhythm of modern interiors. From the brilliance of High Gloss, which amplifies colour and design, to the mirror-like sheen of Full Polished that reflects light and elevates visual appeal, from the textured depth of Matt Carving to the gentle softness of velvety Matt—each finish is thoughtfully curated to suit the most discerning tastes. At its core lies advanced engineering—high in performance, unwavering in quality. It is a quiet expression of permanence, presence, and personality—where every step feels intentional, and every detail whispers elegance. When spaces are designed with Marvela, they become silent witnesses to life's applause—every step, every glance, every moment.

DESIGN, PATTERN & SHADE VARIATION GUIDE

Current development efforts have made ceramic tiles resemble and look authentically like natural materials (Stone, Wood, Fabric).

Recognising this situation, it is necessary to be informed of the grade of design & pattern variation that is expected from these products. As a general guide, the design & pattern guide given below classifies the range according to the degree of variation.

V1 Minimal Variation **V2** Slight Variation **V3** Moderate Variation **V4** Substantial Variation

The classification is as follows:

MARVELA FLORTUFF
