RESONA

COLLECTION

EXPLORE WHAT RESONATES WITH YOU.

A space resonates when every surface feels inevitable, chosen not just for how it looks, but for what it makes the room feel. RESONA is built on this principle, a collection of marble-inspired surfaces, complementary accents, and curated textures expressed across three distinct design worlds, Bold, Calm, and Clear.

Available across five formats, from expansive 1200x2400mm & 1200x1800mm fields to refined 600x1200mm, 200x200mm & 75x300mm accents, RESONA delivers soft tonal movement and subtle textural clarity across every spatial application. The Lux finish brings a subtle sheen, refined and functional in equal measure. Quill Touch pairs unrivalled smoothness with a non-reflective finish and delicate carving detail. Velvetouch offers a soft-matt tactility, warm and composed. Lux with Intrica Effect introduces intricate surface carving, bringing dramatic flair and layered visual depth to every composition.

From hospitality lobbies and residential sanctuaries to retail environments, accent walls, feature walls, accent bands, backsplashes, and decorative applications, RESONA offers a complete design solution, where every surface finds its harmony and every interior finds its voice.

THREE EXPRESSIONS ONE COLLECTION

BOLD · CALM · CLEAR

Some spaces energise. Some soothe. Some simply command silence. Resona celebrates the interior in three expressions, dramatic enough to lead, serene enough to breathe, timeless enough to endure.

BOLD

Unapologetically Expressive

Where design refuses to whisper. BOLD brings together dramatic surfaces, rich veining, and expressive depth to create spaces that command attention and hold it.

CALM

The Quiet Art of Refinement

Drawn from nature's most restrained palette, Calm carries a softness that settles into a space rather than competing with it. Subtle textures, clean lines, and composed tones create an atmosphere of quiet, contemporary elegance.

CLEAR

Minimal in Form. Timeless in Character.

From dramatic marble veining to geometric patterns and refined surface variation, Clear speaks in the language of considered simplicity. Minimal yet memorable, each surface brings clarity, precision, and eternal elegance to contemporary interiors.

MATT WITH SHAPE & GLOSSY GRANILLA SURFACE

Where matt embraces shine, a striking shape effect sculpts inset facets that catch the light with glossy granilla, balancing tactile softness with radiant highlights. this is for Matt with.....
